

## JM Home School Liason

**20.09.21**

Hit JR twice when she was encouraging him to come on the carpet for morning carpet time, once not so forceful but then immediately after with some force so the impact was heard across the classroom by SEB. JM was removed from the classroom. He then returned much calmer

**21.09.21**

Morning Carpet Time. JM refused to put carpet toys away. Began to flail his arms and legs, actively trying to kick SEB. SEB and SCarter removed his shoes and those children who were closest to him on the carpet as they were at risk of being hit. The toys were put away and again JM began hitting and crying. He then snuggled into SEB and asked for a kiss and cuddle. SEB told JM to keep his kisses for Mummy.

John became inconsolable about the Skip Ad option on a video that was being played. Screaming, crying and shouting.

Conversation with Dad after school. Dad said that at night, when he hears the traffic, John needs to go and see what car it is and what colour it is. This has stopped from John settling for sleep and Dad has had to put volume up on his computer to disguise the traffic and subsequently stop John from getting up.

**23.09.21**

Tidy Up Time. JM was shown via now and next board to expect Tidy Up and given a timer. John seemed happy with this direction and said "okay." When it came to tidying up, JM began hitting out at SEB. SEB tried to move away and JM followed her continuing to hit. SEB and ZN then used 2 person hold to chairs to calm and settle JM. JM calmed very quickly. We discussed why we had to hold JM and began to release him from his hold. JM then agreed to tidy up. SEB directed him towards the till. JM then chose the tiles to put away and he went to find the tray in which they belonged.

**24.09.21**

On the playground during a PE lesson, JM was running around. He was told to come back to the circle. JM started to back his way back. ZN praised him "Well done!" JM ran at ZN, towards her chest. ZN first thought that it appeared JM was going to bite her. JM then made a kissing sound. ZN responded "Oh no thank you John, not there. Save your kisses." JM laughed at ZN.

**27.09.21**

JM arrived with Dad. He took himself straight into the calm corner and said to Mrs Newman "I am sad." JM has been noted to say this quite regularly at different times of the day. JM joined the other chn for carpet time which was sharing a story. SW walked in to class from the sunshine room and JM became hysterical and inconsolable. Screaming and crying. ZN managed to calm JM and he remained on the carpet for story time. The story was interactive and chn were coming up to the book. JM again became hysterical, screaming and shouting. It was difficult for him to communicate and for the adults to understand what had made him so upset. We figured out it was that he wanted a turn to high 5 the book. SEB chose chn who were modelling the good behaviour. JM was encouraged to do
