8th September 2023

Dear Parents,

Vaccination UK, who are commissioned by NHS to provide children immunisations within schools, will be attending our school to deliver the Flu Nasal Spray's or IM alternative (porcine free injection) on Tuesday 10th October 2023.

They will be on school site on Monday 11th September from 2:30pm to answer any questions our parents who may have regarding both the nasal spray and injection alternative. There will also be the opportunity for parents to consent to the vaccines with a nurse present if you struggle with accessing the E-Consent form online.

Please do not hesitate to ask any questions you may have.

Vaccination UK are obliged to offer 100% of the eligible school aged population from Reception – Year 11 a flu vaccination. This year, the window of time that we can deliver the flu vaccination programme has been significantly limited. In previous years, we could vaccinate from October until the middle of February. However, this year, NHS England have put a 'hard stop' on the end date for offering the flu vaccine of December 15th, in order to ensure that children are vaccinated by Christmas and the chance of flu circulating in the community is reduced.

For any child aged 12 and above that does not return a consent form prior to a school vaccination session must be seen on the day by our clinical team so that they can assess them for Gillick Competency (self-consent). This will be undertaken in addition to verbal consent being taken from parents on the day via telephone where need be. Contacting parents directly is always the preferred option in the first instance. This process is fully endorsed by NHS England. Any child that wishes to receive the flu vaccine is first made aware of the benefits and possible side effects, and is assessed as competent, or not competent by our nurses. A link to further information on Gillick is below:

Consent to treatment - Children and young people - NHS (www.nhs.uk)

It is really important that they receive a consent form back for every child, even if you do NOT wish for your child to receive the immunisation, there is an option to decline. Failure to complete a consent form, may result in our call centre making contact with you to obtain it verbally. Please complete the below link to state whether you wish to consent or decline.

Vaccination UK Immunisation (schoolvaccination.uk)

It is important that all consents are completed no later than 1 week prior to the school session, links will not be accessible after this time. Clinics are available for children who miss the immunisation at school, please contact the Vaccination team on 01527 390030 to find out more.

*If you have submitted a consent form but take your child to an alternative location to have the flu immunisation, it is YOUR responsibility to let the Vaccination Team know, please contact them directly and immediately as they **DO NOT** get notified automatically.

If you do have issues with the E-consent link, please contact Vaccination UK on **01527 390030** or you can request paper consent forms via the below email address.

For any other information, please contact them on **01527 390030** or via email on **Worcestershire@v-uk.co.uk**

Kind Regards,
